In America, no miscarriage of justice exists in isolation, of course, and in I Can't Breathe Taibbi also examines the conditions that made this tragedy possible. [Auditing An International Approach 5th Edition Slideshark](#)

A masterly narrative of urban America and a scathing indictment of the perverse incentives built into our penal system, I Can't Breathe drills down into the particulars of one case to confront us with the human cost of our broken approach to dispensing criminal justice.. A soaking-wet line of movie-goers smashes its way into a theater to slaughter the people inside.. On July 17,

2014, a forty-three-year-old black man named Eric Garner died on a Staten Island sidewalk after a police officer put him in what has been described as an illegal chokehold during an arrest for selling bootleg cigarettes.. Featuring vivid vignettes of life on the street and inside our Kafkaesque court system, Taibbi's kaleidoscopic account illuminates issues around policing, mass incarceration, the underground economy, and racial disparity in law enforcement.. A husband and father with a complicated personal history, Garner was neither villain nor victim, but a fiercely proud individual determined to do the best he could for his family, bedeviled by bad luck, and ultimately subdued by forces beyond his control.. The final moments of Garner's life were captured on video and seen by millions His agonized last words, "I can't breathe," became a rallying cry for the nascent Black Lives Matter protest movement..
